

Heaters

We supply all types of heaters used in industrial settings including band, cartridge, tubular, coil, air, strip, cast, immersion, and silicon rubber. We also offer solid state relays, wire, accessories, output devices and test equipment.

Thermocouples

We manufacture thermocouples for many industrial processes. We also supply component parts and accessories for your temperature needs, such as plugs, jacks, adaptors, heads and blocks.

Controllers

We offer a wide variety of temperature and process controllers and associated interfaced devices, including temperature controllers, counters, pressure indicators, pressure transducers, rupture discs, and proximity sensors.

Accurate is a “One-Stop Shop” for all your industrial heating needs!

We are family-owned and operated with real people who will answer the phone when you call! You can count on Accurate to manufacture and supply high quality equipment with fast-turnaround times at very competitive prices. We promise to earn your business and trust!
